

LEADERSHIP FELLOWSHIP PROGRAM

This unique Leadership Fellowship program seeks to prepare tomorrow's leaders to champion the use of AI/ML in addressing persistent health disparities in ways that sustain AIM-AHEAD beyond demonstrated scientific benefit and develop the human capital to promote continued engagement, adoption, and expansion at the level of programs, systems, and policies. Leadership Fellows will be matched with mentors based on AI/ML expertise, leadership experience, and sector.

APPLICATION DUE

FELLOWSHIP AWARD

\$50K

**AUG
15**

DURATION OF 9 MO.

FELLOWSHIPS BEGIN

Fellows will:

- Access resources across all AIM-AHEAD Consortium Cores.
- Take targeted trainings and courses specific to the AI/ML and Health Equity education.
- Establish meaningful working relationships with mentors and AI/ML, Health Equity and community engagement experts.
- Participate in workshops and seminars in leadership principles, strategies, case examples and lessons learned.
- Participate in bimonthly professional development and networking activities.
- Work with mentors to develop a study question for a collaborative community project.

DON'T FORGET!

Join [AIM-AHEAD Connect](#) to network, find mentors, and utilize professional development tools and resources.

And subscribe to the AIM-AHEAD Newsletter to learn about upcoming events and opportunities!
